Exadata Special Interest Group Introduction

Oracle Netherlands
Februari-12-2015

Agenda

- Opening en introductie
- Update Database & EM 12c
- Pauze
- Update Exadata X5
- Hoe verder met Exadata SIG
- Afsluiting

Anne Maurits André

Jan van Tiggelen

14:30 – 14:45

Rob Kolb

Allen

Rond 16:15 ->

Engineered Systems SIG

- Voor (en door) ES gebruikers
- Delen van informatie/best practices/ nieuwe ideeën
- Update op ontwikkelingen
-

Visie

The Integrated Approach

“We do these things not because we are control freaks, We do them because we want to make great products, because we care about the user, and because we like to take responsibility for the entire experience rather than turn out the crap that other people make”

“People are busy doing whatever they do best, and they want us to do what we do best. Their lives are crowded; they have other things to do than think about how to integrate their computers and devices”.

Visie (2)

Steve saw a calf being born, and he was amazed when the tiny animal struggled up within minutes and began to walk.

“It was as if something in the animal’s body and in its brain had been engineered to work together instantly rather than being learned”.

Hardware and Software Engineered to Work Together

Oracle Engineered Systems

**Big Data
Appliance**

**Exalogic
Elastic
Cloud**

**Virtual
Compute
Appliance**

Exalytics

**Database
Appliance**

SuperCluster

Exadata

**Zero Data Loss
Recovery
Appliance**

Performance | Efficiency | Simplicity

Hoe verder met Exadata SIG?
